Help out with Hobby Day at the City Care Pershing Center

At the City Care Pershing Center, the staff works to support people moving out of homelessness by providing opportunities for new routines, life skills and positive connections. Hobbies are an important part of cultivating curiosity, building self confidence and making thoughtful and fun connections with others. Twice a month, RSVP volunteers will join the residents and staff at the Pershing Center to explore all the fun things we do with our spare time. If homelessness is a cause you care about, join us as we help folks meaningfully move forward in life by sharing your love for your hobby! Crafters, chess players, gardeners, readers and puzzlers - let Jamie know if you are interested! Program begins in August.
